

# FOR THOSE WHO LIVE IN THE MOMENT, those elusive seconds in life where the commotion of the world fades and suddenly it's

those elusive seconds in life where the commotion of the world fades and suddenly it's just you, the car and the next corner. You expect, even demand, total bliss. That's what Corvette has delivered for seven generations, from Stingray to Grand Sport to Z06. And now for 2019, the fastest, most powerful production Corvette ever brings it all to a crescendo — the 755-horsepower ZR1.

Corvette Grand Sport coupe. Shown in Torch Red with available features.

# STINGRAY COUPE.

One of the most iconic car names ever. With its split-window-inspired fastback style draped over a perfectly balanced chassis and precision-crafted interior, Stingray coupe is a modern interpretation of the Corvette legacy.

Corvette Stingray coupe. Shown in Torch Red with available features.

# STINGRAY CONVERTIBLE.

Sacrifice nothing. Engineered from the ground up as a convertible, this Stingray is every bit as tight and responsive as the coupe. The power top on all Corvette convertibles can be raised or lowered at speeds of up to 30 mph.

convertible. Shown in Black with available features.

Corvette Stingray

# GRAND SPORT COUPE. The name is a nod to special lightweight Corvette race cars from the early 1960s. With a naturally aspirated 460-horsepower V8 engine, wide body stance and Magnetic Selective Ride Control™ suspension, Grand Sport is as at home on a racetrack as it is on a challenging road. Corvette Grand Sport coupe. Shown in Torch Red with available features. DEALER EPROCESS

# GRAND SPORT CONVERTIBLE.

Two of the original 1963 Grand Sport racers were modified into roadsters to be even more competitive. The modernday Grand Sport convertible offers superb balance for high-speed grand touring, thanks to a performance-tuned suspension, 6-piston front brake calipers and Grand Sport-specific wheels paired with summer-only tires!

1 Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to my.chevrolet.com/learnAbout/chevrolettires or see your dealer.

DEALER ePROCESS

Corvette Grand Sport convertible. Shown in Admiral Blue with available features.

# Z06 COUPE. Developed in tandem with the Corvette C7.R race car and offering 650 horsepower and 650 lb.-ft. of torque, Z06 is a showcase of advanced racing technology and a formidable machine given its bloodlines. Corvette Z06 coupe. Shown in Corvette Racing Yellow Tintcoat (extra-cost color) with available features.

DEALER ePROCESS

# **Z06 CONVERTIBLE.**

The ZO6 convertible offers the exhilaration of a fast superbike, with all the sophistication of a refined GT car. And with 650 horsepower at your disposal, you won't have any problem generating a breeze.

Corvette ZO6 convertible. Shown in Arctic White with available features.

# ZR1 COUPE.

Corvette ZR1 is a milestone for the marque. This is the fastest, most powerful production Corvette ever built, thanks to a 755-horsepower LT5 supercharged V8 engine, extensive use of racing-derived ground effects and a robust cooling system.

# WE NEVER FORGET WHAT A CORVETTE IS FOR. It all comes down to engineering a great sports car.

# ADVANCED V8 TECHNOLOGY

ONE OF THE SIMPLEST, MOST JEWEL-LIKE ENGINES EVER CREATED IS THE SMALL BLOCK V8 THAT HAS BEEN THE HEART AND SOUL OF CORVETTE SINCE 1955. TODAY'S CORVETTE ENGINES ARE DIRECT DESCENDANTS OF THE ORIGINAL SMALL BLOCK AND ARE NOW OFFERED IN THREE CONFIGURATIONS: THE NORMALLY ASPIRATED 455-HORSEPOWER 6.2L LT1 V8, THE SUPERCHARGED 650-HORSEPOWER 6.2L LT4 V8 AND THE JAW-DROPPING 755-HORSEPOWER 6.2L LT5 V8 THAT POWERS THE NEW ZR1.

DIRECT INJECTION. Moves fuel delivery closer to the cylinder, enabling a higher compression ratio and greater combustion efficiency. As a result, less fuel is required to deliver the equivalent horsepower of a conventional Port Injection fuel system. The LT5 uses a combination of Direct Injection and Port Injection.

#### **ACTIVE FUEL MANAGEMENT™ (AFM).**

This system temporarily deactivates four cylinders for better fuel economy and seamlessly reactivates them when the driver demands full power. AFM is standard on LT1 and LT4 engines, but is not available on LT5. It contributes to an EPA-estimated 25 MPG highway<sup>1</sup> for the LT1.

VARIABLE VALVE TIMING. Optimizes camshaft timing to improve high-rpm horsepower and low-end torque. An intelligent position sensor adjusts the timing of intake and exhaust valves.

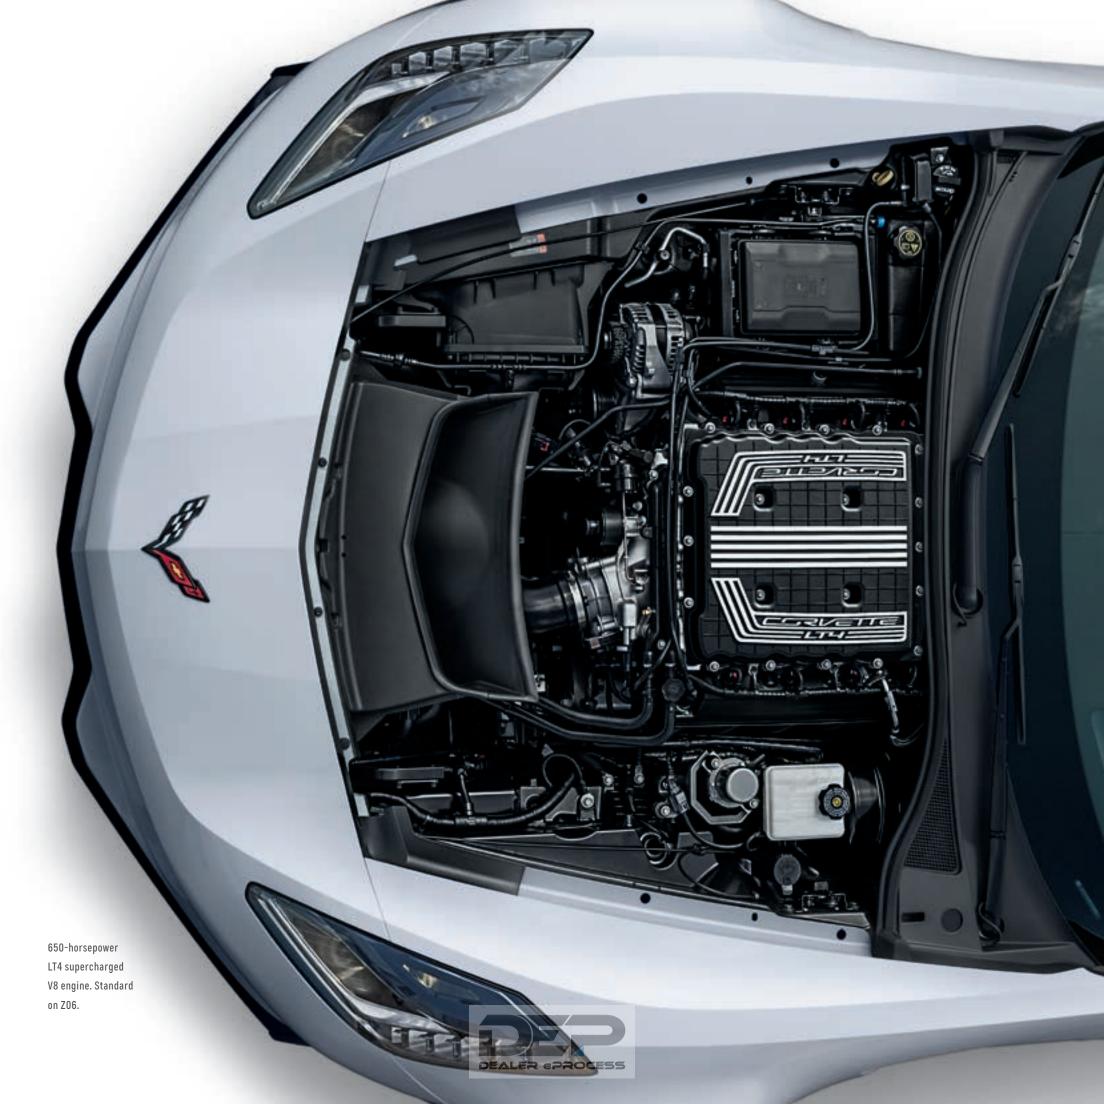

HIGH-STRENGTH, LIGHTWEIGHT MATERIALS.
Engine blocks and cylinder heads are
cast aluminum. Intake valves are titanium
in the LT4 and LT5 and hollow stem for the
LT1. Exhaust valves are sodium-filled for
excellent cooling ability.

# OIL-SPRAY PISTON COOLING. Eight oil-spraying jets drench to

Eight oil-spraying jets drench the underside of each piston and the surrounding cylinder walls with an extra layer of cooling, friction-reducing oil.

DRY-SUMP OIL SYSTEM. This racing-derived technology prevents oil starvation in high-g corners and is included on Stingray with available Z51 Performance Package, Grand Sport, Z06 and ZR1.

# BENEATH THE SKIN

CORVETTE ENGINEERS STARTED AT THE CORE, CONSTRUCTING A RIGID ALUMINUM FRAME WITH CARBON-NANO-COMPOSITE UNDERBODY PANELS. THIS CONTRIBUTES TO A NEAR 50/50 WEIGHT BALANCE AND AN ENHANCED POWER-TO-WEIGHT RATIO. THEN THEY DEVELOPED A HOST OF STRATEGIES TO CONNECT THE POWER TO THE PAVEMENT.

7-SPEED MANUAL GEARBOX WITH ACTIVE
REV MATCHING. This technology sends a signal from the transmission to the engine controller, allowing control of engine rpm to eliminate the need for heel/toe shifting while delivering optimum smoothness and balance. The system can be enabled or disabled by using the paddles on the steering wheel.

AVAILABLE 8-SPEED PADDLE-SHIFT AUTOMATIC TRANSMISSION. There's nothing lost with this automatic, which offers smooth control with quick, precise shifts that rival its dual-clutch competitors. Plus, you have the advantages of an automatic when you need it.

PERFORMANCE EXHAUST. Standard on Grand Sport, Z06 and ZR1, this available system on Stingray increases horsepower from 455 to 460. The exhaust sound character changes with Tour, Sport and Track modes using variable valves. ZR1 has a standard 4-mode system that provides a range between Stealth and Track modes.

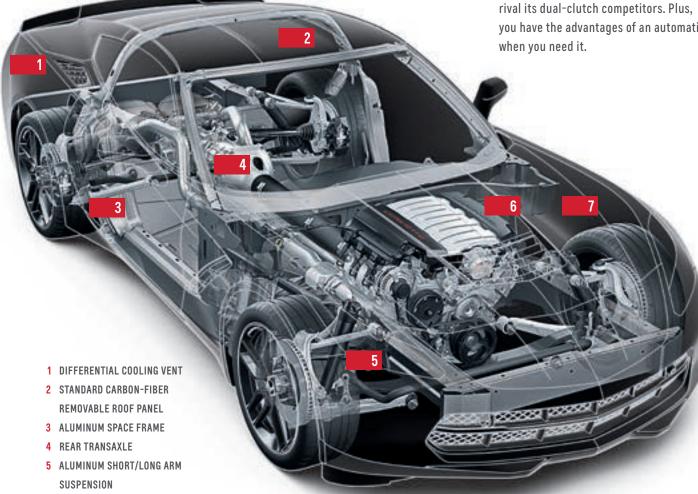

## ELECTRONIC LIMITED-SLIP DIFFERENTIAL.

This feature continuously modulates torque split to maximize traction and acceleration out of corners, enhancing stability and turn-in responsiveness. Included on Stingray with available Z51 Performance Package and standard on Grand Sport, Z06 and ZR1.

LAUNCH CONTROL. Standard on all models, this technology regulates ignition timing to limit wheel spin for more consistent acceleration runs.

## PERFORMANCE TRACTION MANAGEMENT.

Five settings of torque reduction and brake intervention facilitate maximum grip. Standard on Grand Sport, Z06 and ZR1 and available on Stingray equipped with the Z51 Performance Package and Magnetic Selective Ride Control.

6 6.2L LT1 V8 ENGINE

7 STANDARD CARBON-FIBER HOOD

DRIVER MODE SELECTOR

FOR MORE INFORMATION ABOUT DRIVER MODES, PLEASE VISIT CHEVY.COM/CORVETTE-LIFE/MODE-SELECTOR

DEALER ePROCESS

WHERE ARE YOU GOING TO DRIVE TODAY? THE DRIVER MODE SELECTOR LETS YOU CHOOSE ONE OF FIVE DISTINCT DRIVING MODES (THREE MODES FOR ZR1). THE SYSTEM INCREASES YOUR OPERATIONAL BANDWIDTH DRAMATICALLY, CONTROLLING UP TO 12 PERFORMANCE VARIABLES.

TOUR MODE. Tour Mode is the default setting for everyday driving that enhances comfort. The customizable gauge cluster can display audio, navigation<sup>1</sup> (with active OnStar® service) and phone data.

WEATHER MODE. In inclement weather, the vehicle senses and adapts to road conditions, distributing appropriate power to the rear wheels. Tailored Traction Control and throttle progression promote more confident driving in rain or snow. (Weather Mode is not available on ZR1.)

ECO MODE. To reduce engine workload and conserve fuel, Eco Mode maximizes Active Fuel Management to limit power when traveling at cruising speeds. Fuel economy is automatically optimized until aggressive acceleration is called for. (Eco Mode is not available on ZR1.)

SPORT MODE. Cluster configuration shows traditional Corvette tach and performance gauges. Steering effort and available Magnetic Selective Ride Control damping are stiffened but tempered. The sound from the available performance exhaust becomes more aggressive.

TRACK MODE. This mode enables launch control to provide maximum off-the-line acceleration. Steering effort and available Magnetic Selective Ride Control damping adjust to supply maximum responsiveness. Available Performance Traction Management is enabled. Throttle progression optimizes for track performance. Gauge configuration offers a GTLM (GT Le Mans) Corvette Racing-inspired display complete with shift lights and lap timer. The lap timer is linked to the available Performance Data Recorder, if equipped.

MAGNETIC SELECTIVE RIDE CONTROL.

Adding even more capability, this system 
"reads" the road every millisecond 
and changes damping in just 10 to 15 
milliseconds in shocks filled with a 
magnetorheological fluid containing minute 
iron particles. It's standard on Grand Sport, 
Z06 and ZR1 and available on Stingray.

- 1 AVAILABLE MAGNETIC SELECTIVE RIDE CONTROL DAMPER
- 2 SHORT/LONG ARM ALUMINUM DOUBLE-WISHBONE SUSPENSION
- 3 AVAILABLE BREMBO® CARBON CERAMIC BRAKE ROTOR ON GRAND SPORT AND ZOG (STANDARD ON ZR1)

1 Map coverage available in the United States, Puerto Rico and Canada. 2 EPA-estimated MPG city/highway: Stingray and Grand Sport with 7-speed manual 16/25, with 8-speed automatic 15/25; Z06 with 7-speed manual 15/22, with 8-speed automatic 14/23.

## **STINGRAY**

THE 2019 STINGRAY IS STILL THE ESSENTIAL CORVETTE. EVERY ASPECT OF THIS CAR IS INTELLIGENTLY MANAGED, FROM HOW IT USES AIRFLOW FOR COOLING AND DOWNFORCE TO HOW IT PRODUCES EXTRAORDINARY PERFORMANCE WITH SURPRISING EFFICIENCY!

ONE BALANCED PERFORMER. Thanks to its incredible precision, power and balance, Corvette Stingray provides your daily dose of driving joy. Its 6.2L small block V8 puts out 460 horsepower and 465 lb.-ft. of torque with the available performance exhaust or the available Z51 Performance Package (detailed on the opposite page). It's all good for a blistering 0-to-60 mph time of 3.7 seconds?

#### TAKING ADVANTAGE OF THE AIR.

The beautiful aesthetics of the Stingray coupe are equally functional. A hood air extractor helps reduce front-end lift.

Rear intake vents guide air to help cool both the transmission oil and rear differential. A rear spoiler helps release air cleanly off the back of the car while enhancing downforce.

#### **AVAILABLE Z51 PERFORMANCE PACKAGE.**

Checking the Z51 box has always meant something special to Corvette enthusiasts who truly exercise their cars. It includes:

\_DRY-SUMP OIL SYSTEM
\_LARGER FRONT BRAKES (13.6-INCH VS.
12.6-INCH) WITH BLACK CALIPERS AND
SLOTTED BRAKE ROTORS
\_SPECIFIC SHOCKS, SPRINGS AND
STABILIZER BARS
\_PERFORMANCE EXHAUST
\_HEAVY-DUTY ENGINE, DIFFERENTIAL
AND TRANSMISSION COOLING
\_PERFORMANCE GEAR RATIOS
\_ELECTRONIC LIMITED-SLIP DIFFERENTIAL (eLSD)
\_REAR SPOILER INCLUDED IN AERO PACKAGE

1 EPA-estimated MPG city/highway: Stingray and Grand Sport with 7-speed manual 16/25, with 8-speed automatic 15/25; Z06 with 7-speed manual 15/22, with 8-speed automatic 14/23.
2 Based on initial vehicle movement. Requires available 8-speed paddle-shift automatic transmission.

Corvette Stingray coupe. Shown in Blade Silver Metallic with available Z51

Performance Package.

# GRAND SPORT

GRAND SPORT REPRESENTS THE SWEET SPOT FOR MANY CORVETTE ENTHUSIASTS. PROPELLED BY A POWERFUL LT1 V8, IT COMES WITH A DRY-SUMP OIL SYSTEM AND ZO6 STABILIZER BARS AND SPRINGS. BRAKES ARE 6-PISTON FRONTS WITH 14.6-INCH SLOTTED ROTORS AND 4-PISTON REARS WITH 14.4-INCH SLOTTED ROTORS. A WIDER TRACK, GRAND SPORT-SPECIFIC WHEELS AND THE GRAND SPORT BADGE ENSURE IT HAS A LOOK ALL ITS OWN.

BEAUTY FROM THE TOP DOWN. With its aggressive, wide body, Grand Sport would look right at home on the grid at Sebring. Fender vents have a signature side cove that includes the Grand Sport badge. The front grille is Z06-style painted in Satin Black. Shown with the available Heritage Package that includes front-fender hash marks.

UNDER THE HOOD. Grand Sport is powered by a naturally aspirated 6.2L LT1 V8 with 460 horsepower and 465 lb.-ft. of torque. The engine includes a dry-sump oil system that pumps oil from a separate reservoir for better oil distribution in high-g situations.

SIGNIFICANT DOWNFORCE. A front splitter, special rockers and a rear spoiler with wickers are standard. The available ZO7 Performance Package includes carbon ceramic brake rotors and Michelin® Pilot® Sport Cup 2 summer-only tires! Two different Carbon Fiber Ground Effects Packages are available, one with exposed carbon fiber and one with painted surfaces.

DRESSED FOR THE TRACK. Grand Sport offers a special Heritage Package that includes fender hash marks, brushed-aluminum interior hash marks and floor mats with a Grand Sport logo.

ZO6 IS A SUPERCAR IN ITS OWN RIGHT AND WILL EASILY RUN WITH SOME OF THE FASTEST SPORTS CARS IN THE WORLD. WITH THE AVAILABLE ZO7 PERFORMANCE PACKAGE AND AN 8-SPEED PADDLE-SHIFT AUTOMATIC TRANSMISSION; ZO6 WILL SPRINT TO 60 MPH IN 2.95 SECONDS<sup>2</sup> AND RUN THE QUARTER-MILE IN 10.95 SECONDS.

650 HP. Z06 is powered by the 6.2L LT4 supercharged aluminum V8 delivering 650 horsepower and 650 lb.-ft. of torque. It uses a dry-sump oil system and titanium intake valves for reduced mass, along with sodium-filled exhaust valves for better heat dissipation. The LT4 supercharger displaces 1.7 liters and features a 4-lobe rotor design that promotes efficient performance. Available with both manual and automatic transmissions (manual transmission is recommended for extended track usage at higher ambient temperatures).

ATHLETIC STANCE FOR GREAT GRIP. Compared with Stingray, the front of Z06 is 56 mm wider and the rear is 80 mm wider, creating a more aggressive stance and enhancing handling. Z06 comes with Michelin® Pilot® Super Sport ZP summer-only tires? A Z06 equipped with the available Z07 Performance Package can achieve 1.2 g on a skid pad.

AIR IS OUR ALLY. Two available aerodynamic packages generate incredible downforce for cornering grip and stability. Larger vents enhance cooling to the engine, brakes, transmission and differential.

1 A manual transmission is recommended for extended track usage at higher ambient temperatures. Consult the Track Preparation Guide for additional information at my.chevrolet.com or see your dealer. 2 Based on initial vehicle movement. 3 Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to my.chevrolet.com/learnAbout/chevrolettires or see your dealer.

DEALER @PROCESS

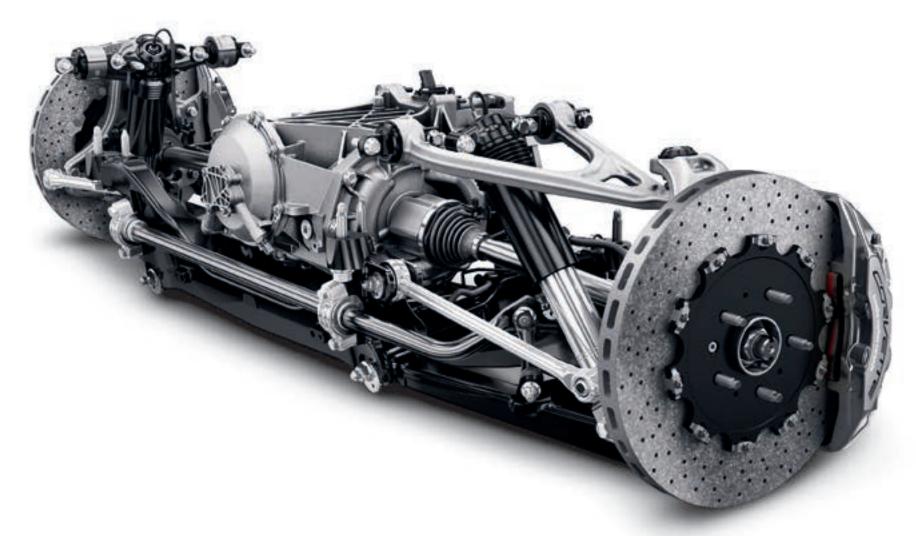

Corvette Z06 coupe. Shown in Blade Silver Metallic with available features. Z07 PERFORMANCE PACKAGE

TUNED AND TESTED AT NÜRBURGRING, THE ZO7 PERFORMANCE PACKAGE IS AVAILABLE ON GRAND SPORT AND ZO6. FOR BOTH MODELS, IT INCLUDES BREMBO CARBON CERAMIC BRAKES, SPECIAL MICHELIN TIRES AND AGGRESSIVE CHASSIS TUNING.

1 Driving on wet roads, in heavy rain, or through standing water with competition-oriented tires may cause hydroplaning and loss of control. Use extreme caution and drive slowly on wet roads. Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel informations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to my.chevrolet.com/learnAbout/chevrolettires or see your dealer.

THE GROUNDBREAKING 2019 ZR1 IS THE FASTEST, MOST POWERFUL PRODUCTION CORVETTE EVER. A UNIQUE COMBINATION OF AERODYNAMICS, SPEED, AGILITY AND SITUATIONAL CAPABILITY GIVES IT A BANDWIDTH LIKE A PURPOSE-BUILT RACE CAR WITH THE CIVILIZATION OF AN EXOTIC GT.

THE RETURN OF LT5. ZR1 is powered by a 755-horsepower 6.2L LT5 supercharged V8. The LT5 takes Corvette performance to astounding levels, thanks to an all-new Eaton® supercharger with considerable displacement and a larger 95 mm throttle body that allows massive amounts of air into the engine. To provide optimum fuel distribution, there are now two fuel injectors per cylinder, one for Direct Injection and one for Port Injection, which are managed by two separate controllers.

PUTTING AIRFLOW TO WORK. ZR1 uses the air as a resource for engine breathing, engine and brake cooling, and downforce. The shape was honed in a rolling wind tunnel that simulates the car on an actual track. There are four paths for airflow — under, over, around and through the vehicle.

NEW CONVERTIBLE JOINS THE LINEUP.

A new ZR1 convertible joins the Corvette stable. Both coupe and convertible are built around the LT5 engine and a carbon-

fiber hood that exposes a carbon-fiber engine cover. Front-end design enhancements include larger air inlets on the fascia and hood. ZR1 has a slightly wider front track than other Corvette models and incorporates a new front splitter for greater downforce.

AEROBIC WONDER. The LT5 supercharger has 52% more capacity than the LT4 supercharger in the Z06. Larger high-flow efficiency rotors incorporate an optimized high-twist, 4-lobe design. These 170-degree twist lobes help maintain peak efficiency at higher speeds and pressure ratios. Because of the increased size, the supercharger needed to be moved up and out of the "V" in the engine, resulting in the development of the specific ZR1 halo hood with its carbon-fiber engine cover.

MASSIVE COOLING CAPABILITY. LT5 engine power is enhanced by four additional radiators. A low-temperature radiator and two outboard radiators are used strictly in the supercharger circuit, while the other two outboard radiators are used in the engine cooling circuit. Like the Z06, there is also a lay down cooler for the power steering, differential oil cooler and transmission-cooling modules.

PICK YOUR LEVEL OF DOWNFORCE. ZR1 offers two aerodynamic configurations. The standard low wing can optimize top speed. To help improve road holding on a track, the available ZTK Track Performance Package adds carbon-fiber end caps to the front splitter and a two-way adjustable high wing that produces 950 pounds of downforce at top speed. Also included are Michelin® Pilot® Sport Cup 2 tires¹ and specific suspension calibrations for road circuits.

# PERFORMANCE DATA RECORDER

# PLAY BACK YOUR BEST MOVES.

Performance Data Recorder is a tool that can help make you a better driver, and it also helps you get the most out of your Corvette. Originally developed by racing engineers, this system lets you record, share and understand your driving experiences on and off the track. Add an extra dimension to the Corvette experience by logging video of your drives, along with real-time performance data, onto an SD memory card stored in the glove box. Four modes allow you to capture video, audio (except in Valet Mode), driving stats, date and time, and much more.

FOUR SELECTABLE OVERLAY MODES.

Track Mode overlays the maximum level of data onto your drive video, including speed, rpm, throttle and braking, g force, location-based track map, lap times and more. Sport Mode shows fewer details, but includes key data such as speed and g force. Performance Mode records 0-to-60 mph acceleration, quarter-mile speed and elapsed time, as well as 0-to-100-to-0 mph runs. For everyday driving and scenic road trips, Touring Mode has no data overlay.

VALET MODE. Keep tabs on your Corvette when you're not the driver by setting the PDR to Valet Mode, which can record exterior forward video and data.

TOOLBOX. Review your driving technique using Cosworth Toolbox software that can be downloaded from the Corvette website. Developed by the same motorsports engineering company that supplies the Corvette Racing data acquisition and telemetry system, Cosworth Toolbox software acts like a virtual driving coach. It lets you comb through performance and lap metrics such as individual wheel

speed, suspension displacement, yaw and ambient/intake air temperature. You can even pull in a hot lap from another driver and compare it side by side with yours.

ANALYZE YOUR DRIVE. Data is captured using a seamlessly integrated, windshield-mounted HD camera module, as well as a performance processor, internal accelerometers and a GPS system. Play your video back on a computer or tablet, or relive your drive right inside your Corvette (when parked, of course) on the 8-inch diagonal touch-screen.

FOR MORE INFORMATION ABOUT PDR, PLEASE VISIT CHEVY.COM/PERFORMANCE-DATA-RECORDER.

# **RACING**

CORVETTE RACING HAS WON BACK-TO-BACK MANUFACTURER AND DRIVER CHAMPIONSHIPS IN IMSA GTLM COMPETITION. IT'S JUST OUR WAY OF MAKING SURE YOUR NEXT CORVETTE IS THE BEST SPORTS CAR WE KNOW HOW TO BUILD.

## **GREATNESS ENABLES GREATNESS.**

Celebrating 20 years in 2018, Corvette
Racing still sets the gold standard for
technology transfer between the track and
street. Corvette engineers are continually
taking what they learn in competition and
applying it to help improve the production
Corvette — which then makes for better
race cars. The latest example among many
is the front underwing on the ZR1, an idea
that came straight from the C7.R race car.
It creates almost as much downforce
as the rear wing without being visible.

CORVETTE RACING (C5-R TO C7.R) SINCE 1999:

\_8 CLASS WINS AT THE 24 HOURS OF LE MANS
\_11 CLASS WINS AT THE 12 HOURS OF SEBRING
\_2 CLASS WINS AND ONE OVERALL WIN AT THE
ROLEX 24 AT DAYTONA
\_12 AMERICAN LE MANS SERIES (ALMS)/IMSA
WEATHERTECH® SPORTSCAR CHAMPIONSHIP
MANUFACTURER TITLES
\_11 ALMS/IMSA DRIVING TITLES
\_12 ALMS/IMSA TEAM TITLES

C7.R race car.
Garcia, Magnussen,
Rockenfeller take
a third straight
Corvette Racing win at
Sebring in the No. 3
Corvette C7.R, beating
out Ford, Porsche,
BMW and Ferrari.

# CORVETTE EXPERIENCE

THE REWARDS OF A HIGHER EDUCATION.
Learn all the capabilities of your new
Corvette through the Ron Fellows
Performance Driving School. This two-day
program is available to 2019 Corvette
owners at a reduced rate! Developed and
managed by legendary Corvette racer
Ron Fellows, the performance driving
curriculum at Spring Mountain Motor

Resort and Country Club in Pahrump,
Nevada, accommodates drivers of all skill
levels. Through the Ron Fellows Performance
Driving School, you'll be able to make the
most of Corvette technologies such as the
available Driver Mode Selector and Active
Rev Matching and delve deeper into the
vehicle's capabilities, resulting in a richer
driving experience. Owners do not use their
own Corvette on track; the school has its
own fleet of Corvette models to choose
from. Visit corvetteownersschool.com for
more information.

TAKE MUSEUM DELIVERY. You can opt for Museum Delivery, which personalizes the buying experience with an opportunity to pick up your new Corvette right at the National Corvette Museum (corvettemuseum.com), located near the Bowling Green, Kentucky, assembly plant. Includes personalized interior plaque.

GET A PERSONALIZED INTERIOR PLAQUE.

Make your 2019 Corvette one of a kind with the available Personalized Interior Plaque that features your name, your VIN and the Corvette crossed-flags logo.

<sup>1</sup> These wheels are paired with summer-only tires. Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to my.chevrolet.com/learnAbout/chevrolettires or see your dealer. 2 A NOTE ON CHILD SAFETY: Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the Owner's Manual and the child safety seat instructions for more safety information. 3 Do not use summer-only tires in winter conditions, as it would adversely affect vehicle safety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to my.chevrolet.com/learnAbout/chevrolettires or see your dealer.

1 Based on initial vehicle movement. 2 Do not use summer-only tires in winter conditions, as it would adversely affect vehicle's afety, performance and durability. Use only GM-approved tire and wheel combinations. Unapproved combinations may change the vehicle's performance characteristics. For important tire and wheel information, go to my.chevrolet.com/learn/hout/chevrolettires or see your dealer.

#### NEW VEHICLE LIMITED WARRANTY

3-YEAR/36,000-MILE BUMPER-TO-BUMPER LIMITED WARRANTY Chevrolet will warrant each 2019 Corvette from bumper to bumper for 3 years/36,000 miles (whichever comes first; see dealer for details), with no deductible, from the original in-service date of the vehicle, for warrantable repairs that are required as a result of defects due to materials and/or workmanship. Cosmetic corrosion resulting from defects is also covered under the Bumper-to-Bumper Limited Warranty. In addition, rust-through corrosion will be covered for 6 years/100,000 miles (whichever comes first). See dealer for details.

5-YEAR/60,000-MILE TRANSFERABLE POWERTRAIN
LIMITED WARRANTY Every 2019 Corvette comes
with a 5-year/60,000-mile (whichever comes first)
transferable Powertrain Limited Warranty. 24/7
Roadside Assistance and Courtesy Transportation are
also offered for the duration of the Powertrain Limited
Warranty. Please see your Chevrolet dealer for details.

1 Maintenance visits must occur within the first year of vehicle delivery. Does not include air filters. See participating dealer for other restrictions and complete details. 2 Whichever comes first. See dealer for details. 3 Limitations apply. Not transferable. Standard connectivity available to original purchaser for 10 years from vehicle delivery date for 2018 model year or newer Chevrolet vehicles. Visit onstancom for details and further plan limitations. Connected Access does not include emergency or security services.

Availability and additional services enabled by Connected Access are subject to change. 4 2018 model year and newer vehicles include 1 month of 0nStar Safety & Security Plan and 1 month of Chevrolet Connected Services, which include navigation services and Remote Access Plan, and 1 month or 3 GB of 4G LTE data (whichever comes first) from vehicle delivery date. Services are subject to User Terms and limitations. Visit onstancom for more details. Data plans offered by AT&T. Availability subject to change.

## IMPORTANT INFORMATION

CHEVROLET OWNER CENTER (MY.CHEVROLET.COM) Everything you need to know. Anything you need to do. Your Chevrolet Owner Center makes it easy. Create your account today to get the most out of your new vehicle. Get special alerts and offers, schedule service, review your maintenance schedule, and view how-to videos specifically for your vehicle. All online, anytime. Visit the Owner Center today to register or take a tour.

**ENGINES** Chevrolet products are equipped with engines produced by GM Global Propulsion Systems or other suppliers to GM worldwide. The engines in Chevrolet products may also be used in other GM makes and models.

ASSEMBLY Chevrolet vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolet vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest you verify that your vehicle includes the equipment you ordered and that, if there were changes, they are acceptable to you.

CHEVROLET CONNECTED SERVICES AND ONSTAR Connected vehicle services require a paid connected vehicle services plan or trial and connected hardware, vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Visit onstar.com for coverage map, details and system limitations.

A NOTE ON CHILD SAFETY Always use seat belts and the correct child restraint for your child's age and size, even with airbags. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal airbag. See the Owner's Manual and the child safety seat instructions for more safety information.

IMPORTANT WORDS ABOUT THIS CATALOG We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximations based on design and engineering drawings, prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. Chevrolet reserves the right to lengthen or shorten

the model year for any product for any reason or to start and end model years at different times. Certain vehicle features may lose their usefulness over time due to obsolescence from technological changes. Unless otherwise noted, all claims based on GM Luxury Sports Car segment and latest available competitive information. Excludes other GM vehicles.

TIRES Corvette is equipped with run-flat Michelin® Pilot® Super Sport ZP summer-only tires¹ that eliminate the need for a spare. The tire design enables safe function during and after loss of pressure for some distance at a moderate speed. The shorter the distance that you drive with loss of pressure, the better the chance that the tire can be repaired. As soon as possible, contact Roadside Assistance for the nearest authorized GM or run-flat tire servicing facility and have the tire inspected. See your Owner's Manual. Corvette tires tend to wear faster and are more susceptible to damage from road hazards or curb impact than standard profile tires. This type of damage is not covered by the GM New Vehicle Limited Warranty.

**FLEET ORDERS** Some standard content may be deleted on fleet orders. See dealer for details.

CHEVROLET OWNERSHIP EXPERIENCE Chevrolet is committed to enhancing the vehicle shopping and ownership experience through a wide array of programs. Visit chevrolet.com to build and price, find a vehicle, request a quote, compare vehicles, find financial tools or track your vehicle order. You'll also find information about 24-hour Roadside Assistance, Courtesy Transportation, Customer Assistance, GM Mobility, safety and current incentives.

**CHEVROLET.COM/SAFETY** Chevrolet is committed to keeping you and your family safe — from the start of your journey to your destination. That's why every Chevrolet is designed with a comprehensive list of safety and security features to help give you peace of mind.

GMMOBILITY.COM (1-800-323-9935) GM Mobility <sup>su</sup> offers financial assistance for eligible adaptive equipment to make automotive travel easier for persons with disabilities or special transportation needs. To learn more about special GM Mobility offers, visit gmmobility.com.

THE BUYPOWER CARD The Chevrolet BuyPower Card — Every purchase you make with the BuyPower Card from Capital One\* helps you earn toward an eligible new Chevrolet, Buick, GMC or Cadillac vehicle. There's no limit on the amount you can earn or redeem, and your Earnings don't expire. Visit chevroletbuypowercard.com/catalogs.

\* Capital One, N.A. is the issuer of the BuyPower Card. General Motors ("GM") is responsible for the operation and administration of the Earnings program.
