K'FORCE

The most extreme aluminium case ever introduced in the KAPPAMOTO range. A premium product, without compromise.

KAPPA JOURNAL Ep. 11

THE GREATEST ADVENTURE

Lower your defenses and
broaden your horizons.
What is a border? The only limits that exist are
the ones in our minds.
Travelling by motorcycle means reading the
maps differently. The shortest route is
never your first choice.

LONG JOURNEYS UNDER EXTREME CONDITIONS

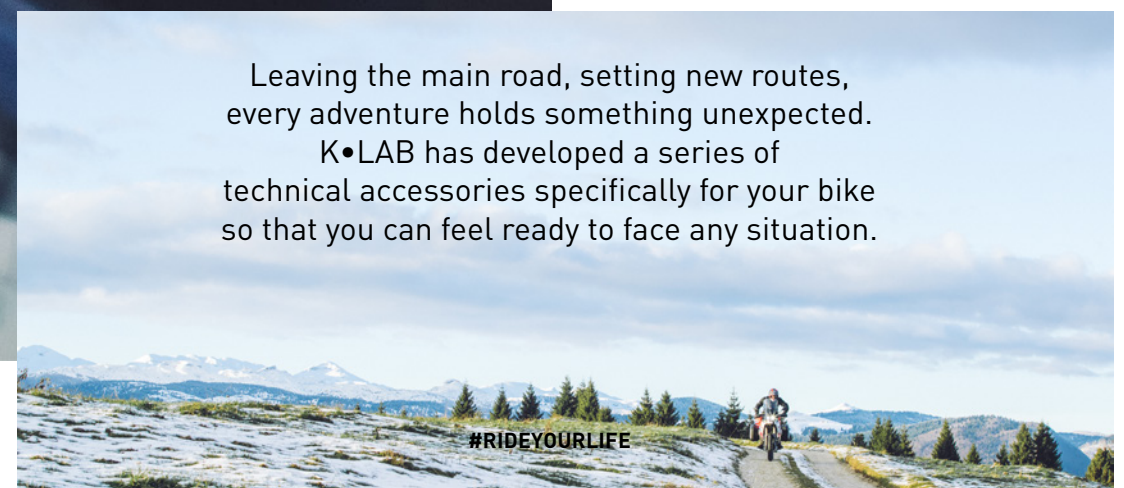

Freedom is being able to choose alternative routes and enjoy the surprises that the adventure brings. Travelling by motorcycle means discovering something new every day. It means growing up. It means being free.

BROADEN YOUR HORIZONS

Leaving the main road, setting new routes, every adventure holds something unexpected. K•LAB has developed a series of technical accessories specifically for your bike so that you can feel ready to face any situation.

KAPPA JOURNAL Ep. 14

OPPOSITES, ATTRACT

Our life is made of contrasts,
of continuous contradictions.
K•FORCE is the set of aluminium
suitcases designed for the most modern
maxi-enduro. A set designed to withstand
great contrasts, voted not to
accept compromises.

AROUND THE RIDER

Some of us pick the long way back home,
a concept of freedom that is not for everyone.
KAPPA designs “around the rider” in a
different and unique way.
