\* Manufacturer's test results. Actual acceleration results may vary depending on specifications of the vehicle, road and environmental conditions, testing procedures and driving styles. These results should be used for comparison only and verification should not be attempted on public roads.

<sup>+</sup> EPA (Preliminary) – Use estimated mpg for comparison with other cars. Your mileage may vary with options, driving conditions, driving habits, the car's condition, speed and trip length. Actual highway mileage will probably be less. <sup>++</sup> The fuel efficiency data was determined using approved Transport Canada Test Methods.

All illustrations and specifications are based upon current information available as at July 2016. Colours may vary.
