

The Accessories Collection  
from Bentley.

*An exquisite collection for your personal expression.*

Exclusivity, refinement and fastidious attention to detail. These are the attributes for which Bentley is renowned, and which each carefully selected Bentley Accessory possesses. This prestigious range has been designed to make your Bentley even more individual. For us it's paramount that every item you choose fits seamlessly with your car. That's why we involve the very same

dedicated engineers, craftsmen and women who create the original cars in Crewe. Their sense of determination, daring and commitment to excellence has crafted a collection of unique and personalised accessories that could only adorn the finest vehicles in the world.

## AVAILABILITY

The wide range of high-quality products featured in this brochure have been designed for all models except where otherwise stated.

Personal Music Interface is available to enhance all models, offering advanced in-car entertainment and enjoyment. Specialist leads allow you to connect your iPod or MP3 player directly into your Bentley's sound system via the docking connector, USB port or jack plug. Either hidden in your glovebox

(Continental Series) or as shown here in the Mulsanne's iPod drawer, once connected you can select tracks and control the volume via the infotainment system or the controls on your steering wheel.

#### PERSONAL MUSIC INTEGRATION KIT

(Mulsanne kit shown as standard. Continental Series kit also available)

## Number One in 1952.

---

1952 was quite a year. King George VI died and Queen Elizabeth II became Queen of England. Al Martino topped the first ever British Singles Charts that included Nat King Cole, Doris Day and Frankie Lane. The Bentley R-Type Continental was launched. Designed for the discerning motorist who liked to go far and fast, everything about this model was designed to lessen its weight and make it the fastest 4 seater of the time. In fact, so critical was every ounce, even a radio was only fitted if the customer specially requested it. These days there is no such compromise and the Bentley Personal Music Interface illustrates this perfectly, whatever your play list.

Front row seats, in the back.

**6-DISC DVD PLAYER**  
(Mulsanne)

**REAR SEAT ENTERTAINMENT**  
(Mulsanne)

**DIGITAL TV**  
(Mulsanne & Continental GT)

---

With a high-resolution 8-inch screen fitted to each of the front seat headrests, your back seat passengers can explore any world they choose, wherever your destination. To make their journey clutter free, they'll have the added enjoyment of wireless

headphones too. Your Bentley can also be fitted with the very latest in combined analogue and digital television receivers with automatic channel list updates and electronic programme guide.

Technology can set you free.

**BLUETOOTH® rSAP TELEPHONE SYSTEM**  
(Continental Series)

**SATELLITE NAVIGATION UPGRADE**  
(Continental Series)

**ADDITIONAL CRADLE TO REAR  
FOR TELEPHONE PRIVACY HANDSET**  
(Mulsanne)

Bentley's cutting edge infotainment system provides Bluetooth connection within your vehicle. Bluetooth rSAP creates a secure wireless link with your mobile phone, allowing you to make and receive calls.

The Bentley Satellite Navigation Upgrade adds further

functionality to your car's navigation system with regional DVDs containing more detailed destination and route information. Features include a 9-digit regional code finder and a Route Bias facility, which gives you the ability to alter recommended routes to visit several locations or avoid certain roads / areas.

For additional convenience, you can install a rear cradle for a telephone privacy handset. This provides dedicated stowage and charging so that the wireless handset can be used in both the front and the rear of the car.

Ensure your Bentley never takes  
a Grand Tour without you.

NAVTRAK

---

The Bentley GPS Tracking System is a sophisticated device that can be covertly fitted to your vehicle to constantly guard against theft. Should the unthinkable happen, Cobra 24 hour SOC (Secure Operating Centres) will instantly be able to pinpoint the exact location of your Bentley using the latest GPS and GSM mobile phone technology. Police liaison is conducted in local language through Cobra's network of Secure Operating Centres

across 46 European countries. Once located, the police will know the speed at which your Bentley is travelling, the road it's on and even the direction of travel. Vital information to help them track and retrieve the vehicle without engaging in a potentially dangerous high-speed pursuit. In short, the Bentley GPS Tracking System gives you the best chance of ensuring your Bentley remains your Bentley.

A photograph of a brick wall with a broom lying on the ground in front of it. The wall is made of red bricks with some white mortar. In the foreground, there is a dark asphalt parking lot with white lines. A broom with a wooden handle and straw head is lying on the ground. There are several small green bushes in front of the wall. A street lamp is visible in the upper right corner.

*Keep a look out.*

**REAR VIEW CAMERA**  
(Mulsanne and New Continental GT)

---

Sometimes we could benefit from a different point of view: an extra set of eyes looking out for us. And so it is with the Bentley rear view camera. Discreetly located above the registration plate, this clever and indispensable piece of technology

shows exactly what is behind your vehicle. Engaged automatically when reverse gear is selected, it displays the reversing view in the infotainment screen, making for effortless parking and safer low speed manoeuvring.

# Distinctive by design.

Instrumental in crafting the very design philosophy of Bentley Motors, Manager of Exterior Design, Raul Pires has an intimate understanding of every fluid curve and design nuance in your vehicle. It's a passion for Bentley, which loses none of its potency when considering the design aesthetics of any exterior enhancements. That's why his remarkable 20" Limited Edition Bespoke Wheel encompasses only the most exquisite

design touches. The unique polished rim is complemented with bright rim wheel bolts adding exclusivity and style. Created from high quality, aircraft grade aluminium, it ensures improved strength and a lower weight ratio whilst retaining superior road handling. It's an addition to your vehicle that speaks volumes without uttering a sound.

*"A wheel is a significant part of the exterior design. It has to work in perfect harmony with the shape of the vehicle. So to begin with I simply sit down and sketch, because I want the wheel to be perfect visually first, as it will have a major impact on perception."*

Raul Pires.  
Manager of Exterior Design.

(Shown in chrome finish, also available in painted finish)

## Re-thinking the wheel.

SELF LEVELLING WHEEL BADGES

For the designers and engineers of Bentley, attention to detail is everything. That's why they took the time to design the Self Levelling Wheel Badge (three years in development, in fact), which ensures the Bentley 'B' is always upright. The badges' unassuming appearance belies the amount of technology and testing that is behind them. They underwent 30,000 km (18,000 miles) of road testing, were subjected to extreme temperatures

from -35°C to 80°C and were tested rigorously on a Vibration Rig. All before finally achieving form with flawless function; a pre-requisite of all Bentley Accessories designed to enhance your vehicle. Available in a presentation box, Self Levelling Wheel Badges make the perfect gift for the perfectionist. Please check with your dealer for applicability.

WINTER WHEELS & TYRES

DIGITAL TYRE PRESSURE GAUGE

Model shown: Bentley Mulsanne  
finished in Pale Sapphire with 20"  
Mulsanne wheel in painted finish

*Without control, power doesn't mean a thing.*

---

Designed to improve grip, handling and braking at temperatures below 7°C, Bentley Winter Tyres feature a much deeper tread pattern than standard all-weather tyres. Cold weather performance is further enhanced by an advanced, high silicone compound. This prevents the tyres hardening at low

temperatures, ensuring better handling in freezing conditions and reducing the risk of aquaplaning in the wet.

In many EU countries, winter wheels and tyres are a legal requirement. Rules vary by country.

*Some experiences should never end.*

---

These superior enhancements will enable you to explore the never-ending road with confidence. The ingenious Autosock is an ideal temporary measure in snowy or icy conditions, providing extra stability and grip, while Snow Chains provide excellent traction for continued use. An alternative to traditional snow

chains, Spikes-Spider features a central hub that holds the chain loosely, allowing it to flex in response to the road surface. Tyre Cradles offer tyre protection, preventing flat spots when the car is in long term storage.

MUD FLAPS  
(Continental GT and GTC)

*Form and function  
beautifully entwined.*

The now famous matrix grille was not an original feature of the radiator. It was in fact developed by John Duff, Canadian born Bentley Le Mans driver as a guard to protect the honeycomb-shaped cooling elements of the radiator from stones thrown up during racing. It's a stunning example of how function

can precede the most beautiful of forms. Expertly fitted by your Bentley Dealer, Bright Stainless Steel Bumper Grilles naturally enhance your vehicle's classic racing heritage, whilst the addition of Stainless Steel Door Pillar Finishers (pictured opposite) add a touch of personal distinction.

**BRIGHT STAINLESS STEEL WING VENTS**  
(Mulsanne)

**FLYING 'B' MASCOT**  
(Mulsanne)

Stainless Steel Wing Vents and Stainless Steel Bumper Grilles are not available separately.

**BRIGHT STAINLESS STEEL BUMPER GRILLES**  
(Mulsanne)

*Stand out on your own terms.*

**PRIVACY GLASS**  
(Mulsanne & Continental Flying Spur)

---

Create a truly personal space, protected from the gaze of the world outside, with Bentley privacy glass. Manufactured using a special tinting process applied between the glass panels during the production process, you're ensured maximum durability and privacy for years to come.

Model shown: Bentley Mulsanne finished in Pale Brodgar with 21" Classic wheel in polished finish.

VENTED WINGS  
(Continental Series)

*Discerning design lasts forever.*

---

Created by Raul Pires, Manager of Exterior Design, Vented Wings and Chrome Bumper Grilles both add to the sporting essence of your Bentley. The Vented Wing echoes the distinctive Supersports' styling from whose form it is inspired and is available with a grille in either a Black or a Bright Painted finish.

Iconic Chrome Bumper Grilles intensify your vehicle's exterior presence and style. These stunning additions will naturally enhance your vehicle's classic Bentley proportions, adding a distinguished personal touch.

**CHROME BUMPER GRILLES**

## *New Continental GT Body Styling Pack.*

---

Handcrafted from the finest materials, it's the marriage of individuality and unrivalled quality that sets each Bentley apart. Our Body Styling Pack for the New Continental GT emphasises this difference. Created by the designers of the New Continental GT in unison with the car itself, every component works in harmony with the flowing lines of the car's distinctive sculptured exterior.

Crafted from match-weaved, gloss finish carbon fibre, more frequently found in high performance motorsport, the pack includes

a front splitter and rear diffuser. Not only does it alter the appearance of the car, but it also helps enhance the aerodynamic performance.

Other unique and highly distinctive features include front air vent winglets, stylised side sill finishers, exclusive wing mirror housings and elegant vented wings. Each one of these components adds a further touch of individuality to a car that is already unique in its own right. A triumph of both substance and style.

## Once upon a time...

---

There was an American customer who felt that the filler cap on his Bentley was, well, a little simple for such a great car. Even though it was kept out of sight, concealed beneath a flap in the bodywork, he wanted someone to do something about it.

This owner was working on the sound principle that every part of his Bentley with which he came into contact should be a joy to see, to touch and to operate. His filler cap was not and he asked Bentley to make a rather more elegant, bespoke item. This is a more complex process than one might imagine; what may be a simple filler cap to some is a vital component in the fuel integrity system to others.

It was pointed out, politely of course, that Bentley would be more than happy to accommodate this customer's request, but that

there might be some significant development costs. 'No matter', said the customer, and Mulliner received a blank cheque to devise the filler cap. Pretty soon, other Mulliner customers got to hear of this gleaming new filler cap that made refuelling a pleasure, rather than a chore. The customer for whom it had been made was approached to see if he minded it being made available to fellow Bentley drivers.

He didn't, and the Bentley Jewel Filler Cap, as designed by Mulliner, is available as an accessory for your Bentley. In thanks, Bentley sent the original customer a cheque for the development costs, less the list price of the filler cap.

The customer was so pleased that he did not bank the cheque, but framed it instead.

JEWEL FUEL FILLER CAP

ILLUMINATED TREADPLATES  
(Mulsanne & New Continental GT)

PERSONALISED TREADPLATES  
(Mulsanne)

*Step out in style.*

---

It's a Bentley. Why wouldn't you expect every single aspect of it to be thoroughly considered, aesthetically and functionally. Illuminated Treadplates are an eye-catching alternative to the standard option. Back lit, they illuminate the car's model name when the door is opened, casting a delicate light on your entrance to or exit from your Bentley. You can step even further into a

world of individuality by opting for Personalised Treadplates. Your choice of name, model or registration number, for example, can be crafted into a design that echoes the iconic Bentley matrix grille. A subtle touch that's quietly gratifying, whenever you open the door.

*Are you sitting comfortably?*

---

The interior of the 1923, 6 cylinder Bentley attests to its creator W.O.'s principle that a powerful car must also be a comfortable one. These days every Bentley stands as a testament to this belief, so it takes something quite special to enhance the comfort levels of the interior of a Bentley. But that's exactly what the

Bentley Relaxation Pack does. Special features include two Bentley branded hide scatter cushions, individually trimmed to match the main hide colour of your Bentley, and two foot wedges finished in a luxurious deep pile carpet to match the interior floor covering.

**RELAXATION PACK**  
(Continental Flying Spur & Mulsanne)  
(Foot wedges included, not shown)

*A touch more personal.*

---

Smooth, tactile wood or soft, sumptuous hide. Single tone or duotone. 3-spoke or 4-spoke, even heated. Whatever your preference, with Bentley's wide range of steering wheel options the answer is always at your fingertips. Cruise control, telephone controls, trip computer, driver information panel, volume control, integrated features surrounded by the finest finishes, handcrafted in time-honoured tradition exclusively for you.

W.O. at the wheel of his 1922  
3-litre T.T. car accompanied by  
riding mechanic Leslie Pennal.

**CONTINENTAL SERIES 4-SPOKE STEERING WHEEL**

Available trimmed in: Single Tone Hide, Two Tone Hide and Wood & Hide. Heated rim also available.  
(Continental Series)

**CONTINENTAL SERIES 3-SPOKE STEERING WHEEL**

*It's true,  
you really can't get  
enough of a good thing.*

---

We understand wood, its beauty and its function in creating a rich ambience. Handcrafted, veneer finished accessories are available for all Bentley models so if you share our passion, take your pick.

**WOODEN VENEER DOOR PANELS**  
(Mulsanne)

**VENEERED GEAR LEVER**  
(Mulsanne)

**PICNIC TABLES**  
(Mulsanne)

Available in four unbleached veneers: Burr Walnut, Dark Stained Burr Walnut, Madrona and Piano Black. Each Wooden Veneer Door Panel is handcrafted to enhance the visual appearance of each door.

WOODEN VENEER DOOR PANELS  
(Continental Series)

*A different world.*

DRILLED ALLOY SPORTS FOOT PEDALS

SPORTS GEAR LEVER  
(Continental Series)

FOOTREST

'B' PEDALS  
(Continental Series)

---

The moment you step into the cabin you enter a different world, a world of your choosing, a world of control. You'll see it in the finish of every detail, you'll feel it in their response. A sports gear lever finished with hallmark knurling giving increased

grip and reflecting our racing heritage. A classic brake pedal bearing the distinctive Bentley 'B', drilled alloy sports foot pedals for total driving precision. Personal touches that make your Bentley unique.

**DEEP PILE OVERMATS**  
(Sets of two or four, in a choice of colours)

**LAMBSWOOL LUGGAGE COMPARTMENT RUG**  
(Available in Beluga only)  
(Continental GT)

**LAMBSWOOL RUGS**  
(Sets of two or four, in a choice of colours)

*The softest of soft options.*

---

Deep Pile Overmats and Lambswool Rugs add a whole new level of luxury to even the most luxurious of luxury cars. Crafted from a high quality woven pile and the very softest lambswool respectively, both are available in a choice of colours to match

the interior of your car. A Lambswool Luggage Compartment Rug completes the set, fitting comfortably into the luggage space to protect the carpet and valuables in transit.

*It's the little touches that make  
owning a Bentley so special.*

---

At the touch of a button, the boot of your Bentley automatically opens and closes in the same way. It's a simple idea, but the best ones always are. The Bentley integrated garage door opener is another inspired accessory that makes life that little bit easier. No more stepping out into the rain or bracing yourself against the

cold. Simply press one button in the cabin of your car and your garage door will open automatically so you can drive straight in. The Bentley valet parking key, available for all models, will lock, unlock and start the engine of your car without providing access to secure areas such as the glove box and luggage compartment.

**LUGGAGE COMPARTMENT FIXING STRAPS**  
(Continental Series including New GT)

**LUGGAGE COMPARTMENT OVERMAT**  
(Continental Series including New GT)

**ALL WEATHER LUGGAGE COMPARTMENT & BUMPER PROTECTOR**  
(Continental Series including New GT)

**HAZARD & EMERGENCY WARNING LIGHT**

**COMPACT BULB KIT**  
(Continental Series not including New GT)

**UMBRELLA STOWAGE**  
(Umbrella also sold separately)

With enough vertical space for two 1 litre bottles and a total 14 litre capacity, the Bentley Cooler Bag is ideal for picnics and long journeys. With a sturdy waterproof internal case, oxford nylon outer, and thermo-electric control, which keeps food and drink at just the right temperature, warmed or chilled, your refreshments are ready to enjoy at a moment's notice.

COOLER BAG

The achievements of the Hon. Mrs Victor Bruce stand shoulder to shoulder with any Bentley Boy. Here, she is sat at Montlhéry in 1929 driving 24 hours solo in a 4½ litre Bentley on her way to setting a Class C record of over 89mph. The next year she flew solo around the world and was reputedly still doing aerobatics into her eighties.

*Cold drink?*

*The Hon. Mrs Victor Bruce enjoying a brief refreshment at Montlhéry in 1929.*

5

*Shining a light to the past.*

BENTLEY JEWELLED TORCH

---

Knurling is etched into the history of Bentley. Used to great effect on the fuel mixture switch in the famous Bentley 'Blower' in 1929, it provided extra grip through increased friction. Since that time it has become a signature design cue on all Bentley interiors. The Bentley Jewelled Torch is no exception. Its knurled collar smoothly twists to turn the torch on, and once illuminated, it effortlessly shows the way with its superb spot

beam. With the Bentley 'B' etched into the lens it bears all the hallmarks of Bentley craftsmanship, a masterpiece of form and function. Easily charged in the cigar lighter, it can remain completely hidden from view with the lid closed and be ready to go whenever you need. Available in a branded Bentley gift box, this is a thoughtful and very useful gift to receive.

Everyone should travel in true style.

CHILD SEAT  
(Groups 2 & 3)

---

Nothing illustrates how we tailor Bentley craftsmanship to our customers' needs more than a bespoke child seat. Whether it be a seat commissioned to suit you or your little passenger's personal taste or a hide colour matched to the car's interior with coordinated

pipings, fluting and hand-stitching, the choice is entirely yours. For a further personal touch we can even embroider your child's name on the headrest, beneath the Bentley Wings.

Child safety seats must be fitted in accordance with manufacturer's instructions.

Crafted from the finest materials, personalised seats take around 12 weeks to produce.

The 1929 rules of Le Mans 24 hours race precluded anyone but the driver working on the car.

CAR CARE BY AUTOGLYM FOR BENTLEY

---

Although this might not have extended to giving it an expert clean. The Car Care Kit, is a comprehensive range of cleaning and protection products created specifically for the interior and exterior of your vehicle. Developed exclusively for Bentley by Autoglym, each product will help you keep your vehicle in pristine condition.

For more information on the new Car Care Kit, please contact your Bentley Dealer. Each piece in the range is also available to purchase individually.

*A fitting way to protect your Bentley.*

INDOOR CAR COVER

PERSONALISED INDOOR CAR COVER

EXAMPLE OF MODEL BRANDING

---

Available for all models, Bentley Outdoor and Indoor Car Covers are tailored to the specific curves and lines of each model, custom stitched to the precise contours of your car. Each one can be

personalised too. Either the model name can be added at sill level or, alternatively, your name, your Bentley's chassis number or your registration, as you prefer. Whatever your choice you can

rest assured that your car's flawless finish will remain just that, protected from the unforgiving elements outdoors and shielded from moisture and dust indoors.

Car covers are crafted from the finest materials so please allow 12 weeks for personalisation.

**CLASSIC SEAT COVERS**

Continental GT (up to 10MY), Continental GTC (up to 11MY)

**ACTIVE SEAT COVERS**

Continental GT (up to 10MY), Continental GTC (up to 11MY)

**ALL WEATHER FLOOR MATS**  
(Continental Series)

Any colour  
so long as it's Bentley.

TOUCH-UP PAINTS

---

Every one of the touch-up paints is formulated using the precise specifications of your vehicle's original paint finish. So should you be unlucky enough to have to deal with small scratches or marks, these paints will cover them quickly and conveniently with a lasting finish. Flawless logic.

Bespoke colours available to order.

Following their win at the 1929 Le Mans, Bentley Boys Barnato and Kidston threw a lavish party at the Mayfair Hotel to celebrate. It featured the famous 'Grand Prix de Berkeley Square' – a race that featured model motorcars and comprised of two laps of the Mayfair Cocktail and Cabaret Circuit.

*My other car is also a Bentley.*

BENTLEY SPEED SIX - THE BLUE TRAIN CAR  
(1:18 scale model)

---

In the early 1920s the cream of European high society would board the luxuriously appointed Blue Train and journey to the South of France in search of sun and frivolity. Seen as a symbol of train travel's dominance over the motorcar, it became fashionable for car manufacturers to race their models against the locomotive on its route from Cote d'Azur to Calais. Now legendary Bentley Boy, Woolf Barnato, loved a challenge, but not just any old challenge. He offered a wager that he could not just

beat it, but get all the way to England before the train reached Calais. And so it was at 5.54pm on March 13th 1930, Barnato, co-driver Dale Bourne and the Blue Train set off. After 22 hours and 26 minutes of driving, one burst tyre and countless refuelling stops, the drivers arrived at Bourne's London club at 3.24pm. Beating the Blue Train's arrival in Calais by 4 minutes. And the wager was well and truly won.

**CONTINENTAL FLYING SPUR**  
(1:43 scale model)

**SUPERSPORTS CONVERTIBLE**  
(1:43 scale model)

**NEW CONTINENTAL GT**  
(1:43 scale model)

**BENTLEY MULSANNE**  
(1:43 scale model)

A silver Bentley Continental is shown driving on a winding asphalt road. The car is positioned in the center of the frame, moving towards the viewer. The road has white dashed lines and a metal guardrail on the left. The background is a dense forest of trees. The license plate of the car reads 'DK60 BHV'.

*Beauty is  
in the exquisite detail.*

---

Quilted leather seats, carbon inlays, dark tinted aluminium fascias; every design signature of each model in the Bentley range is lovingly recreated in miniature with absolute precision. Created in partnership with world-renowned model makers Minichamps, each model is overseen by the Bentley car designers themselves as the actual cars are in development. This ensures every curve

and smallest detail is assessed in turn to arrive at the most realistic and authentic interpretation of the actual vehicle. A touch of hand-finished luxury, each model is a gift suitable for the discerning collector, or young enthusiast alike. To see more of the extensive range, please visit [www.bentleycollection.com](http://www.bentleycollection.com)

*Inspired  
by an inspiration.*

THE BIRKIN RANGE

---

Of all the colourful characters that have alighted the history of Bentley Motors few have made more of a mark than Sir Henry Ralph Stanley Birkin, or 'Tim', as he was known to his friends. World War 1 Veteran, legendary 'Bentley Boy' and two times Le Mans winner, 'Tim' Birkin was instrumental in the creation of the most famous Bentley of them all, the supercharged 4½ litre Blower Bentley. In honour of the man who helped transform Bentley from a maker of cars into a maker of supercars, we have created a range of exclusive Birkin accessories, which all carry the hallmark pattern of 'Tim' Birkin's signature polka dot racing scarf. A fitting tribute to an inspirational driver and inspired engineer.

**BIRKIN BEAR**

**BENTLEY BLOWER**

CONTINENTAL SLIMLINE FOUNTAIN PEN

## Handmade in Britain.

---

When Alfred Dunhill inherited his father's business in 1893, he responded to the growing passion for motorcars by creating a luxurious line of motoring accessories. Our Bentley Tote Bag is based on a classic Dunhill design. Inscribed 'Dunhill for Bentley' it is crafted from Beluga black leather and finished with knurled brightware and distinctive Bentley 'B' zip pulls.

Dunhill is not alone in producing high quality luxury goods exclusively for Bentley. Ettinger of London is one of only a handful of remaining luxury leather goods companies in the UK. For over 70 years, this family owned business has designed and created only the very best leather trimmings and accessories. Every item made from Ettinger Leather in the Bentley Collection is hand crafted across 6 individual stages and unique to Bentley. Supple and strong, our wallets, folios and fobs are an exquisite gift for those who appreciate having the finer things in life close to hand.

*Time flies.*

Breitling, exquisite Swiss watchmaker, renowned for creating the very best in precision-crafted aeronautical timepieces. W.O. Bentley, founder of Bentley Motors, a visionary engineer whose achievements include designing two outstanding rotary aero engines, BR1 and BR2, which powered the Sopwith Camel and Sopwith Snipe fighter planes. Together, Breitling and Bentley form a formidable partnership borne of a passion for exquisite mechanisms and aesthetic refinement. The result is the Breitling for Bentley range: a choice of exceptional chronographs equipped with high-performance motors. These superb instruments are skillfully handcrafted; harnessing the latest technology and the finest materials to produce the ultimate in prestigious reliability.

RACING GREEN GMT WATCH

The 9-cylinder BR2 aero engine designed by W.O. Bentley powered several wartime aircraft including the legendary Sopwith Camel.

*Only a select few will choose the black route.*

#### ZAI SKIS FOR BENTLEY

Working with Bentley's own styling team, Swiss ski manufacturer Zai AG has created these 'one-of-a-kind' "Supersport" skis, in a new "stripped-down" design, which are entirely handmade in Switzerland.

The Zai for Bentley "Supersport" skis comprise of a new surface solution, improving the skis' torsion, and also avoiding excessive visual reflection. Like the Bentley Supersports car

they are based upon, the pure design of the skis is engineered to meet the technical demands of the most avid skier, and communicate raw understatement. Newly patented materials deployed in the skis are a world first. Zaiira® is used on the skis' top layer in combination with natural rubber in the centre as well as an innovative visual mixture of uni-directional and woven carbon fabric.

*A shade more sophisticated.*

Estede is an Austrian eyewear company renowned for its collaboration with luxury brands including Chopard, Fabergé,

Girard-Perregaux and now Bentley. The hallmarks of the Estede brand - sophistication, understatement and elegance - fit seamlessly with those of Bentley. Available in two frame sizes, the limited edition Estede for Bentley Collection features a choice of unique and highly distinctive eyewear fashioned from silver palladium, 18-carat gold and for the first time ever, the most precious of all precious metals, platinum.

The ultimate combination of exquisite design, intricate craftsmanship and nature's finest fibre; it could only be the Bentley Heritage Cashmere Collection. Each stunning scarf is fashioned from the finest, ethereal natural fibres cumulating in a soft, alluring handle and the most refined finish. A joy to wrap around yourself on a chilly day. And how about something to go hand in hand with such luxury? Pittards Carbretta driving gloves. Available in male and female styles, these stunning and practical accessories feature a Bentley stud closure, keyhole backs and perforated fingers for a responsive driving experience.
