

JAGUAR

XF SPECIFICATION GUIDE

JAGUAR

X F R A N G E

A DRIVING FORCE IN DESIGN

A driving force in design, engineering and innovation, the XF harnesses the breathtaking power of a sports car to the sublime pleasure of a world class luxury saloon. Showered with awards from around the world, Jaguar's best-selling luxury car consistently outclasses all of its competitors. The reasons are clear. From the outstanding streamlined styling of its body, with its formidable low stance and bared mesh grille, to its seductive swept back headlamps, from every angle, the XF promises both a flair for luxury and powerful performance.

To optimise the performance of Jaguar's range of potent engines, the XF features an exceptionally lightweight architecture which utilises techniques and alloys direct from the aerospace industry; like the structural use of Boron, a metal 900 percent stronger than regular mild steel. A lighter vehicle is not only more responsive, but consumes less fuel and reduces emissions. The XF has been engineered to function with intelligent power. The XF's computers constantly monitor and adjust the operation of hundreds of parts. They continuously optimise the XF's running efficiency to achieve the most efficient consumption and lowest CO₂ emissions, without compromising the power of its performance or the comfort of its drive.

The XF makes optimal use of the increased interior space that its lightweight architecture affords. It incorporates the ultimate in luxury interior finishes with innovative technology that makes driving the XF nothing less than sheer pleasure. It is Jaguar's attention to design detail, the pursuit of engineering excellence, and an ambition to create the most beautiful, efficient and luxurious cars in the world that enable the XF to offer exceptionally low emissions, superb quality and unrivalled craftsmanship. With the XF, Jaguar is redefining the sports saloon.

OPTIONS

IMPROVE ON PERFECTION

Jaguar offers an unrivalled range of enhanced specifications and customised features to make every XF uniquely individual. The extensive array of hand-picked extras offer the very best in luxury and performance that every driver can expect in a Jaguar.

ADAPTIVE FRONT LIGHTS

Sensors react to the car's speed, steering input and environmental light conditions and smoothly alter the power, direction and spread of the beams to maintain optimal coverage whatever the situation. Adaptive Front Lights reduce glare and instil greater confidence in dark conditions.

BOWERS & WILKINS PREMIUM SOUND SYSTEM

For the audio connoisseur, when nothing but the highest fidelity sound will suffice, you can choose the astonishing, precision crafted, Bowers & Wilkins premium sound system, designed exclusively with no less than 17 strategically positioned speakers.

NAVIGATION

Jaguar offers the most accurate integrated civilian GPS pinpointing system available, incorporating a vast onboard disk drive database, providing lightning fast access to navigation data and maps.

EXTERIOR ACCESSORIES

CHROME MIRROR COVERS
Chrome mirror covers accentuate the stylish design of the exterior mirrors.
Mirror Cover LH - C2D5489
Mirror Cover RH - C2D5488

CHROME SIDE POWER VENTS
Add style and visual distinction with chrome finish side power vents.

SNOW SOCK WITH TRACTION AID

An innovative lightweight textile alternative to snow chains for traction in snowy and icy conditions. Consult your local Jaguar dealer for the correct pack to suit your wheel and tyre size.

Snow Sock Pack 695 - C2D20229

Snow Sock Pack 697 - C2D20230

Snow Sock Pack 69J - C2D20228

GROWLER WHEEL NUTS

Enhance the look of your XF's wheels with Jaguar Growler branded black or chrome wheel nuts.

Wheel nut kit - Growler chrome - C2D20072

Wheel nut kit - Growler black chrome - C2D20073

STYLED VALVE CAPS

Complete the look of your XF's wheels with custom valve caps.

Valve caps with Black Jack - C2D19598

Valve caps with Union Jack - C2D19599

Valve caps with Jaguar Growler - C2D19596

Valve caps with R-Type logo - C2D19597

INTERIOR ACCESSORIES

ILLUMINATED SILL TREAD PLATES

Elegantly styled aluminium sill tread plates illuminate when the driver or passenger doors are opened. Highlighted by soft Phosphor blue lighting.
Warm Charcoal - C2Z5587LEG
Champagne - C2Z5587SEL
Oyster - C2Z5587AMT

SPORT PEDAL COVERS

Made from stainless steel and rubber, the pedal kit fits securely over existing pedals for a contemporary, sporting appearance.
LHD - C2D8415

LUGGAGE COMPARTMENT FINISHER

This Jaguar branded finisher enhances the XF boot area. The finisher is made from stainless steel, has a brushed finish with bright highlights and adds aesthetic appeal as well as scuff protection.
C2Z5642

REAR SCREEN CONNECTIVITY

This integral system has replacement headrests with integrated 7 inch screens, two sets of infrared headphones and an input panel located at the rear of the centre console allowing connectivity of various devices including portable video/DVD players, games consoles and laptops. Available for fitment to Warm Charcoal and Barley interior and with manual headrest functionality.

Warm Charcoal - C2Z5745LEG
Barley - C2Z5754SEL

GLOSSARY

POWERTRAIN AND DRIVING DYNAMICS

ACTIVE DIFFERENTIAL

An electronically controlled, Active Differential with Handling Functionality that limits the slip between the rear wheels to optimise traction and stability in different driving conditions, working in harmony with the Traction, ABS and DSC systems.

ADAPTIVE DYNAMICS

Provides the optimum balance between low speed ride comfort and high speed handling precision, analysing body movement, steering and road wheel inputs up to 500 times a second and continuously adjusts the suspension settings through electronically controlled dampers.

DSC (DYNAMIC STABILITY CONTROL)

Intervenes in demanding driving situations by applying braking to individual wheels and reducing engine torque.

TRAC DSC MODE

Provides a higher intervention threshold for the more enthusiastic driver.

JAGUAR SEQUENTIAL SHIFT™

Provides the choice of Drive, Sport Automatic or Manual gearshift modes, with one touch paddles mounted behind the steering wheel to control gear changes up and down manually.

JAGUAR DRIVE CONTROL™

Interacts with the DSC (Dynamic Stability Control) engine and transmission management systems to change the characteristics of engine mapping, transmission shifts and brake interventions. Selectable by a button, it offers different modes to optimise the vehicle response depending on driving conditions and style.

WINTER MODE

Softens the responsiveness of the engine and modifies the gear change strategy to maintain optimum traction in icy or slippery conditions. The vehicle performs in a more gentle and controlled manner, allowing more confident progress. When active, Winter Mode selects 2nd gear for pulling away on level ground (no incline).

DYNAMIC MODE

Optimises vehicle systems to deliver a more involving driving experience. When selected, Trac DSC is automatically engaged, and engine torque delivery characteristics and gear shift points are modified to further improve responsiveness. When selected while the transmission is in full manual mode, transmission up-shifts are fully controlled by the driver, with no automatic up-shift when the rev limit is reached.

CRUISE CONTROL WITH AUTOMATIC SPEED LIMITER (ASL)

In tandem with cruise control, an Automatic Speed Limiter (ASL) allows the driver to select a maximum speed that should not be exceeded.

ADAPTIVE CRUISE CONTROL (ACC) WITH INTELLIGENT EMERGENCY BRAKE (IEB) AND ACTIVE SEAT BELTS

Uses microwave radar technology to monitor for slower moving traffic and can alert the driver to potential hazards ahead. Using the ACC radar, the system calculates distance and speed of approach to the vehicle in front and if a collision is unavoidable, the Intelligent Emergency Brake reduces vehicle impact speed by initiating an emergency brake manoeuvre. The system incorporates Active Seat Belts to reduce occupant displacement from the seat during the emergency braking manoeuvre.

INTELLIGENT STOP/START

Stop/Start is a technology that stops the engine when it is not needed, improving the fuel economy and reducing the car's CO₂ emissions. The engine will re-start immediately as soon as the customer's foot comes off the brake pedal.

EXTERIOR FEATURES

MIRROR PACK

Heated exterior mirrors with electric adjustment, power folding, approach lamps and auto-dimming exterior and interior rear view mirror.

REAR PARKING AID

Rear parking aid with Touch-screen visual indicator.

FRONT PARKING AID

Front parking aid with Touch-screen visual indicator.

REVERSE PARK CAMERA WITH GUIDANCE

Combines a rear-facing camera with the Touch-screen information, and features coloured distance guides and on-screen guidance lines that move according to steering wheel angle to indicate the area into which the car will reverse.

ADAPTIVE FRONT LIGHTING

Sensors react to the car's speed and steering input, to deflect the headlamp beams casting light deeper into the corners, and giving added confidence at night.

INTELLIGENT HIGH BEAM

When sensing preceding, oncoming traffic or street lights, the headlamps will automatically switch to low beam, maximising driver visibility and appropriate beam usage. The system automatically switches to high beam when the oncoming car has passed.

BLIND SPOT MONITOR

Uses radar sensors to remotely cover areas that cannot be seen either directly or by mirror, and alerts the driver of overtaking traffic with an amber warning icon in the external mirrors.

INTERIOR FEATURES

JAGUARSENSE™

An electronic control system that operates the front overhead console lights by touch.

JAGUAR SMART KEY SYSTEM™ WITH KEYLESS START AND KEYLESS ENTRY

With the Jaguar Smart Key in your pocket or bag, the car automatically unlocks as you pull the door handle. Simply push the ignition button to start the engine. Upon leaving, simply press a button on the door handle to lock the car or use the Jaguar Smart Key.

DUAL ZONE CLIMATE CONTROL

With humidity control, air filtration and dual temperature control for driver and passenger.

AUTO RECIRCULATION – CLIMATE CONTROL

Automatic cabin air recirculation triggered by external odour sensor with 5 sensitivity settings.

SEATS (4/4 WAY)

Driver and passenger electric adjustment including recline and height.

SEATS (6/6 WAY)

Driver and passenger electric adjustment including fore/aft, recline and height. Memory function optional.

SEATS (10/6 WAY)

Driver's electric adjustment including fore/aft, height, cushion tilt, recline, 2-way lumbar support, and passenger's electric adjustment including fore/aft, height, and recline. Also includes memory function.

SEATS (12/12 WAY)

Driver and passenger electric adjustment including fore/aft, height, recline, cushion tilt and 4-way lumbar support.

SEATS (16/12 WAY)

Driver's electric adjustment including fore/aft, height, cushion tilt, recline, headrest height, 4-way lumbar support, cushion length and passenger's electric adjustment including fore/aft, height, cushion tilt, recline, 4-way lumbar support. Also includes memory function.

SEATS (18/18 WAY)

Driver and passenger electric adjustment including fore/aft, height, recline, cushion tilt, cushion length, 4-way lumbar support, headrest height and adjustable side bolsters.

MEMORY FUNCTION

Two settings for driver's seat, exterior mirrors and steering column.

SAFETY AND SECURITY

JAGUAR TYRE REPAIR SYSTEM⁽¹⁾

Provides an electric pump and a canister of sealant to enable a temporary repair and re-inflation for a puncture of up to 6mm diameter in the tread area of the tyre, but not in the tyre walls.

PEDESTRIAN CONTACT SENSING™

Automatically deployable bonnet system. Industry-leading system that senses an impact between a pedestrian and the front of the car, it instantaneously raises the bonnet through a small distance in a very controlled way, to help prevent the pedestrian from contacting hard points under the bonnet.

GLOSSARY

MULTIMEDIA

NAVIGATION SYSTEM WITH HDD MAPPING⁽²⁾, FRONT DVD AND VIRTUAL MULTI-CHANGER

HDD based system, providing faster access to data including postcode entry, destination entry on the move (Europe only), voice guidance, voice control input, RDS and TMC (Traffic Messaging Channel)/Dynamic Route Guidance, accessed through Touch-screen control system. The navigation system also includes a front DVD capable of playing video and audio. File formats include Windows Media Audio (WMA), ACC and MP3. In addition there is a virtual multi-changer that uses the hard disc drive (HDD) for storage of up to 10 CDs of uncompressed music.

WINDOWS MEDIA AUDIO (WMA) AND MP3 COMPATIBILITY

Enables the CD player to play CDs which contain WMA and MP3 files.

BLUETOOTH® AUDIO STREAMING

A Bluetooth® equipped Jaguar, enables hands-free use of a mobile phone at anytime when the phone is in the car, through the Touch-screen. Bluetooth® provides the ability to stream audio content, and full function control enables easy track selection. Bluetooth® is compatible with a selected range of mobile phones from a number of different manufacturers, including BlackBerry® - ask your local Jaguar dealer or visit jaguar.com for more details.

INTERACTIVE VOICE™

Uses 'Say What You See' technology to guide the user to the correct commands for voice control of audio, Bluetooth® telephone connectivity and navigation. When in operation, as well as audio prompts, all commands appear on the Touch-screen.

FRONT MEDIA INTERFACE

Allows the connection of an iPod, MP3 player or a USB Mass Storage Device to the in-car sound system and control via the 7 inch colour Touch-screen.

TRAFFIC MESSAGE CHANNEL (TMC)

A specific application of the FM Radio Data System (RDS) used for broadcasting real-time traffic and weather information. Data messages are received silently and decoded by a TMC-equipped car radio or navigation system, and delivered to the driver in a variety of ways. The most common of these is a TMC-enabled navigation system that can offer dynamic route guidance, alerting the driver of a problem on the planned route and calculating an alternative route to avoid the incident.

7 INCH COLOUR TOUCH-SCREEN

With controls for audio, climate control, Bluetooth® audio streaming (where fitted) and Navigation (where fitted).

JAGUAR 400W SOUND SYSTEM

400W system with AM/FM radio featuring EON, RDS, PTY, TA and single slot CD with automatic volume control MP3 and WMA compatibility and 10 speakers.

JAGUAR 600W PREMIUM SOUND SYSTEM

With AM/FM radio featuring EON, RDS, PTY, TA and single slot CD with automatic volume control, MP3 and WMA compatibility and 11 speakers including subwoofer.

BOWERS & WILKINS 1200W PREMIUM SOUND SYSTEM

With AM/FM radio featuring EON, RDS, PTY, TA and single-slot CD with automatic volume control, MP3 and WMA compatibility, a remote amplifier with Dolby® Pro Logic® II Surround Sound and 17 speakers including subwoofer.

EXTERIOR THEMES

AERODYNAMIC PACK

The Aerodynamic Pack consists of restyled front bumper with black grille, rear spoiler, sculpted rear valance (not available on 2.2 Diesel), and side sill extensions.

R EXTERIOR THEME

Unique deeper section front bumper with larger lower air intakes, black mesh grille, side sill extensions, aerodynamic boot lid spoiler, gloss black sculpted rear valance with three vanes and quad exhaust tailpipes. 'Supercharged' embossed bonnet louvres for additional cooling. Silver-grey brake calipers with Jaguar script and R badge on boot lid and front grille.

INTERIOR THEMES

R INTERIOR THEME

Unique sport themed interior incorporating a dark mesh aluminium finish on instrument panel and doors, Dark Oak veneer, Warm Charcoal upper fascia and lower environment with contrast stitching and carpet mat edge binding (colour dependent on seat colour). Sports seats with embossed R logo (front and rear); R badging on steering wheel and instrument panel; instrument cluster dials with red pointers.

DRIVER ASSISTANCE PACK

This pack includes Adaptive Cruise Control (ACC) with Intelligent Emergency Brake (IEB) and Active Seat Belts, Bi-function HID Xenon headlamps with Adaptive Front Lights and cornering lamps with intelligent high beam and Blind Spot Monitor.

20" Draco Dark Grey alloy wheels (XFR)	8.5J x 20"	9.5J x 20"
20" Draco Silver alloy wheels	8.5J x 20"	8.5J x 20"
20" Draco Silver alloy wheels (XFR)	8.5J x 20"	9.5J x 20"

⁽¹⁾ Alloy space saver required when 20" wheels specified.

⁽²⁾ The Navigation system must always be used in conditions that will not affect the driver's ability to drive safely or affect the safety of other road users.

XF OWNERSHIP EXPERIENCE

SERVICE, ASSURANCE, AND PEACE OF MIND ARE ALL PART OF THE PRIDE OF OWNING YOUR XF.

THE JAGUAR ACCESSORY RANGE

Enabling you to personalise your car, to create a driving experience that is even more individually rewarding. All Jaguar accessories are tested rigorously for safety and durability in the most arduous of climates and conditions. A comprehensive range of styling options, interior and exterior accessories, enabling you to tailor your XF to suit your personal style. The full range of accessories is available to view on-line, please visit jaguar.com for further information.

BECAUSE ONLY THE BEST WILL DO

An official Jaguar dealer or Approved Service Centre ensures that Jaguar trained, specialist technicians, with access to the full range of Jaguar approved parts and tools, will always be on hand to guarantee that every fitting, or repair, is carried out exactly the way Jaguar intended. Your local Jaguar dealer or Approved Service Centre can also supply and fit Jaguar approved accessories to personalise and add to the practicality and style of your XF model.

SERVICE AND ASSURANCE*

Complete peace of mind including Competitively Priced Servicing, Seasonal Health Checks and Total Tyre Care to ensure that your Jaguar XF retains its premium condition, delivering optimal performance.

WARRANTY*

3 year unlimited mileage warranty together with a 3 year unlimited mileage Paint Surface Warranty and 6 year Corrosion (Perforation) Warranty.

JAGUAR MAGAZINE

Jaguar Magazine is the official magazine of Jaguar Cars. It features the new Jaguar XJ, XK and XF, and the worlds of luxury, style, design and travel. The fully interactive Jaguar Magazine iPad app takes the very best of the print edition of the Magazine and adds extra images, and exclusive information, allowing you to explore Jaguar's world in a whole new way.

JAGUAR.COM

Jaguar's official interactive website contains the latest information on Jaguar models and pricing. It also features helpful tools such as a dealer locator and a new model configurator allowing you to see the car tailored to your specification and colour.

JAGUAR FINANCIAL SERVICES*

Whether your requirements are business or personal please contact your local Jaguar dealer to discuss a range of finance and insurance products that can be tailored to meet your needs.

*Terms and conditions apply. Please contact your local Jaguar dealer for more information

JAGUAR

IMPORTANT NOTICE

Jaguar Cars Limited is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. Whilst every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle. Distributors and dealers are not agents of Jaguar Cars Limited and have absolutely no authority to bind Jaguar Cars Limited by any express or implied undertaking or representation. Illustrations in this brochure may include optional extras. Comparisons are based on manufacturer's own data and testing.

ENVIRONMENTAL INNOVATION AT JAGUAR

Jaguar is proud to continue the company's tradition with its approach to Environmental Innovation. From the choice of lightweight materials and lean production methods to the efficiency of its engines and designs, Jaguar is committed to operating as a more sustainable business and reducing its overall environmental impact.

Jaguar's flagship XJ model was the first in the company to achieve ISO 14040, the international standard for vehicle 'whole life cycle' assessment. This certification measures the environmental impact of XJ from component material sourcing and manufacturing process, through its driven life time, to final disposal. But that's not all. Every new Jaguar vehicle is designed to be 85% recyclable and reusable, in addition to 95% recoverable and reusable with 10% for energy generation.

Jaguar is committed to reducing dependency on fossil fuels, using fewer resources and creating less waste. Already the manufacturing assembly CO₂ emissions of each Jaguar built in the UK since 2009 is offset. For every tonne of CO₂ emitted in the assembly process, Jaguar invests in carbon reduction projects that reduce an equivalent tonne of CO₂ elsewhere. Offsetting allows Jaguar to take action now, to reduce its impact on the environment, as part of an integrated carbon management plan. This company plan includes targets to reduce operating CO₂ emissions and waste to landfill by 25% by 2012, water consumption by 10% by 2012 and fleet average tailpipe CO₂ emissions by 25% by 2015, based on 2007 levels.

But it doesn't stop there. World class manufacturing facilities certified to ISO 14001 since 1998, transport miles have been cut from delivery routes and new ways are being introduced to produce energy from food waste at our headquarters in the UK. That's Environmental Innovation at Jaguar.

This brochure is produced using certified FSC mixed sources material from well managed forests and is manufactured under a strict ISO 14001 environment system. 10% of this material is recovered fibre, diverting waste from landfill.
